Sir,

Sub: Education - Fisheries elementary school Padubidri employment of an additional teacher - sanction for.

= = =

The fisheries school at Padubidri was started in 1946. The strength of the school is increasing year by year and a further increase is expected in June 51 when the school reopens.

The strength of the school for the three months Jan.51 to March 51 is as follows:

Standard	January, 51	Feb. 51	March 51.
I	28	33	33
II	29	28	28
III	29	25	25
IV	25	23	23
V	21	21	21
	132	130	130

There are only four teachers of the Higher Elementary grade now in the school. The Headmaster is in charge of standars IV and V and the remaining three teachers are in charge of the other standards. Standars IV and V are too big for one teacher to handle and so an additional teacher is necessary so that each standard can be put in charge of a single teacher.

pto

The Deputy Inspector of Schools when he visited the school in January and March 51 has remarked as follows:—

January 51.

Staff: There are 4 teachers now in the school. But one more hand has to be provided for the school. This is a school specially meant for children of backward community. Instruction therefore has to be very efficient if it is to be effective.

March 51.

As remarked at previous inspection time it will help efficient instruction if there is a teacher for every standard.

Since there are already 4 Higher elementary grade teachers in the school, the additional teacher now required may be of secondary grade. I therefore, request that the Government may be pleased to sanction the employment of an additional teacher of Secondary grade on Rs. 45-3-60-2-90 at the fisheries school at Padubidri in the South Kanara district for a period of one year from the date of appointment. The financial implications of the proposal are as follows:

Pay of 1 Secondary grade teacher on Rs.45-3-60-2-90	..	540--0--0
Dearness allowance at Rs.22/-	..	264--0--0
Special pay to the Headmaster at Re.1/- p.m.	..	12--0--0
		816--0--0
